

For 85 years, Greek Life on campus has exemplified leadership, service and community. During this important anniversary, please consider a gift to help current and future Greeks have the opportunity to grow and become outstanding leaders in our communities and beyond.

**The Greek Leadership Training Fund** established by Phi Kappa Sigma supports leadership development workshops and programs on campus. This fund helps up and coming Greek members explore their role as leaders and find their potential for impacting the campus community.

**The Dr. Noel Eggleston Greek Scholarship Fund** awards scholarships to a female upperclassman and a male upperclassman. The recipients are members of a general sorority or general fraternity and have exemplified leadership in their activities.

**The Greek Programs Fund** supports Greek activities on campus to promote community, leadership, service and the outstanding philanthropic work of general fraternities and sororities in the Radford community and beyond.

Join your fellow Greeks and support the future of Greek Life at RU. When you send your gift, designate the Greek organization of which you belong. We will announce the organization that has the best participation percentage and that raised the most funds for Greek Life during the anniversary celebration at Homecoming!

“The 85th anniversary is an exciting time for the Greek Life community. As we celebrate Greek Life on this campus, it is a humbling experience for all organizations to look back on their chapters and see how far we have come thanks to all of the alumni who have gone before and those who are working hard today.”

“Greeks always say ‘the letters don’t make me, I make the letters.’ That statement is true in so many ways. I may wear different letters than someone else, but we are all founded on the same principles.”
